

Self Investment (Timeless Wisdom Collection Book 22)

In *Self Investment*, Marden explores the importance of our thoughts and actions for success, and gives nuggets of wisdom on how to achieve great personality traits that will be supremely important in life. Personality as a success asset, how to develop tact; how to be a social success through good conversation skills, and even, how to dress for success, are some of the many subjects in this exceptional book. The author dedicated his life to gather the messages engraved in the wisdom of the ages, and to transfer them into dozens of volumes and thousands of pages, each and every one a true gem of the ages. In them, Marden is able to capture the essence of life, self-development and true success, and therefore, his books are considered the premiere self-help collection of all times. Although they are one hundred years old, his books are so current that it seems to have been written precisely for our time. A time where, more than ever, we need values, we need achievers, we need happiness and we need love. The broadness of Marden's education in history, philosophy, spirituality and more, and his ability to condense and transmit knowledge with remarkable clarity -in an entertaining and engaging way, make these readings a requirement for whoever in this life is searching for success, or just looking for life's answers.
