

Peter: Magical Crank: (Peter: A Darkened Fairytale, Vol 10) (Volume 10)

After many trips to surreal and magical places, the merging from childrens tales into YA stories have arrived in Peter: Magical Crank. Wrapped in a coffin, exploring life and death your subconscious will speak to you while you are in the ground. Your lover, soulmate and unawakened passions will lead you to places you have never felt. Die in the earth, only to breathe again and discover your place in the Devic world. Sincerely, this is not for the faint-hearted or the lover of sweet elves and delicate fairies. Spirits and reapers may surface with the demise of your mortal body and enhance your inner fears. You have been warned words carry great energy and emotion to provoke your soul and the air around you. They will live with you forever, in your quietest and most venerable moments. For those that engage and dance in cupid's flame.
