

Sex, Drugs And Wrestling: The Truth, The Lies And The Extremes

Extreme Championship Wrestling (ECW), a counter-culture answer to the WWF and WCW, revolutionized the world of professional wrestling in the early 1990s. This behind-the-scenes look from Tod Gordon, the man responsible for the creation of ECW, includes profiles of all the stars of the ECW as well as shocking tales of backstage debauchery, fantastic feuds, and tender assessments of the men and women who put their bodies on the line for his company. Including the answers to questions such as What drugs were being used? Who was sleeping with who? and How did this most hardcore of companies meet such a spectacular demise?, all the dirt is dished in this fascinating history of one of wrestling's most controversial companies.
