

Territories of the Russian Federation 2006

The Territories of the Russian Federation 2006 offers a diverse collection of political and economic information on the Russian Federation and its eighty-nine constituent units. The Introduction examines the Russian Federation as a whole, and consists of an essay written by acknowledged experts, focusing on the economic relationship between the federal subjects and the state, followed by a chronology, demographic and economic statistics, and a review of the federal Government. The second section comprises Territorial Surveys, with a chapter on each of Russias eighty-nine federal subjects. Each chapter includes:*

- * A map, plus a description of location, topography, area and population*
- * Details of the history of the territory, followed by information on the recent and existing political situation*
- * An economic survey, presenting the latest available data on transport, agriculture, industry, external trade, finance and employment*
- * A directory listing essential names and addresses for the leading political officials.

The third and fourth parts comprise a select bibliography of books and Indexes, listing the territories alphabetically, with a gazetteer of alternative names, and by both Federal Okrug and economic area. Key features:*

- * A comprehensive overview of the Russian Federation*
- * Offers an analysis and understanding of the countrys regional dimension*
- * Invaluable directories of important territorial contacts*
- * Detailed and accurate political, economic and statistical information*
- * Some 100 current maps*

Extensive information from a wide variety of sources, many of which are unavailable in English.
