

Saddam Husseins Iraq (Dictatorships)

Saddam Hussein, one of the worlds most infamous dictators, rose to power through Iraqs powerful Baath Party and became the nations president in 1979. His goals included achieving pan-Arabism, more evenly distributing the nations oil wealth, and extending the partys power by reaching into every aspect of Iraqis lives. However, through his failed economic programs, greed, corruption, and the murder of thousands, Hussein and his government brought ruin to the nation. His dictatorship came to an end with the U.S. invasion of Iraq in 2003. Saddam was later captured by U.S. forces, tried in an Iraqi court and convicted of mass murder, and executed in 2006 by Iraqi authorities.
