Lust, Desire, Fantasy, Obsession, Love In one outstanding volume, ten of today's finest authors of adult and young-adult literature lend their talent and their voices to take a hard, clear look at love and sexuality. From balancing abstinence and desire, to learning the difference between love and lust, to fulfilling a childhood obsession, each of these stories depicts characters exploring a world of new feelings and sensations that is opening up before them. At times magical, funny, sad, and angry -- but always heartbreakingly honest -- these stories reveal the pressures and complications -- and sometimes joy -- of love and sex.
