

## Soleil (The Illumination Paradox Book 3)

Losing her would send him spiraling into darkness. With Eyelet gasping in his arms and a toxic storm threatening to annihilate the Commonwealth, Urlick must find a way to save his beloved, and fast. Out of the mist appears an unusual man, claiming to possess the power to heal Eyelet. The townspeople immediately label him a sorcerer and call for his death, but Urlick trusts the stranger. He whisks him off to the Academy where it becomes clear Eyelet is running out of time. She must drink her father's antidote, or perish. Together, Eyelet and Urlick brave the toxic woods to battle an Infirm Flossie for the stolen necklace. In a race against time, they embark on a harrowing journey through the hellfires of Embers, where they meet up with the resurrected form of a familiar enemy now the leader of the Dark World. Along the way, the pair unearth a sinister truth. Could the Vapours really be what they appear to be? Is this the end of the known world? *Soleil* is the third and final installment of the long-awaited Illumination Paradox Series. A swashbuckling, nail-biting, romantic adventure, filled with mechanical beings and puzzling happenings, with a shocking, otherworldly conclusion.
