

Star Wars: The Clone Wars - Defenders of the Lost Temple (Star Wars Clone Wars)

On a mission with a Jedi general, one clone trooper contemplates his own worth as a copy of a great Mandalorian warrior. He has never been the best soldier, and as he learns about the Jedi and the power of the Force, he begins to feel that perhaps what has been setting him apart from the other clones is his own connection to the Force. As the investigation progresses through a booby-trapped, abandoned Jedi Temple, this one clone will discover who he is and also see where he came from when the Mandalorian Death Watch suddenly appears.
