

## SuperVisions: Topsy-Turvy Optical Illusions

Presenting the largest, most incredible collection of topsy-turvy optical illusions ever created, with a stunning mix of classics and previously unpublished designs! Topsy-turvys all contain two different images in one picture you just have to look carefully to see them both. Vanishing Rabbit, for example, is pure magic: one moment the bunnys in the magicians hat, and the next, its gone, leaving just the conjurer. Are those ladies in the Bearded Girls illusion? Turn the page upside down and check again now theyve turned into bearded men. Courtship and Matrimony, a nineteenth-century satirical card, gives a before and after view of marriage. The variety of art styles ranges from cartoon to classical, and every illustration has a fun surprise.
