The city of Skyvales problems have reached the palace. Told from the perspective of Tobiah, the crown prince with a dangerous secret, and set two years before the heart-racing action of The Orphan Queen, this 100-page digital novella brings to life one of Jodi Meadows most beloved characters. Tobiah Pierce is no longer simply a prince. He wanted to be more and do more after he watched his tutors brutal murder and uncovered a plot that threatens the safety of Skyvale. With the help of his cousin, James, and the guidance of a girl who knows her way around the citys rooftops, Tobiah is gaining confidence in his new role. He can no longer be just a witness to the evils occurring in his city, but is he willing to risk his reputation and maybe even his life to make things right? The Burning Hand is the third of four prequel novellas that offer existing fans a deeper insight into a favorite character and the complex city of Skyvale, while new readers will find a stunning introduction to this rich world and the heart-pounding fantasy of the Orphan Queen series.
