

The Elder Chronicles Birth of a Savior

Welcome to the world of the Elders on Earth. The time is now 1980. When the butte in which they are living becomes a bit crowded after the first thousand years, it is time to start creating new colonies among the humans. Lisa, an Elder with a sense of adventure, and her companion Nela are selected for just such a task. Their challenge is to start a new colony in Arkansas. In the process they suffer through a cross country bus trip among very smelly humans; they meet Maud, the radical realtor; Betty the goat and chicken farmer; and Jimmy, who begins as a friend and betrays them in the end. All would have been well, except the local residents, fired up by an exuberance of religious zeal, display more bigotry and ignorance than anyone bargained for.
