

The Greenlee Project

Greenlee Lynn Granger is about to find out how easily social media can be used as a malicious tool: a normal teen one day and ruined the next. Who knew a boys affections would turn her life into such a nightmare? Becoming a designated project, a joke in front of the whole school, turns Greenlee's life upside down. Relationships with her family and friends strained, she is forced to make mature decisions. Greenlee knows her choices will determine the future of her abusers. An emotional glimpse into the reality of cyberbullying. The Greenlee Project showcases the all-too-common anonymous and cruel betrayals of others through social media, of such magnitude that it devastates a young teen, her friends, family, and the community. Cyberbullying affects not just the victims, but everyone around them. After being the target of cyberbullying, what Greenlee does next is shocking.
