

The Gun and the Gun: Being Two Treatises (Classic Reprint)

The wand with which we now desire to charm an enlightened and discerning public was first waved, some seasons back, in the Encyclopaedia Britannica (article Angling, Vol. II, page 132). We think the butt-end is not much the worse for wear, we have strengthened the mid-pieces, repaired the top, and given the whole a coat of varnish, hoping that in the hands of others, now more fit for the practice of the gentle art than we ourselves, it may prove a steady friend and true, whether in still or troubled waters. J. W. WOODVILLK, EoinB tTROH, July 8ty 1840. (Typographical errors above are due to OCR software and do not occur in the book.)
