

## The Immortals Series Books 1-3: Evermore, Blue Moon, and Shadowland

Enter the realm of The Immortals, Alyson Noels young adult series hailed as addictive, beautiful, haunting and mesmerizing with this exclusive three book collection containing the novels Evermore, Blue Moon and Shadowland. When a horrible accident claimed the lives of her family, sixteen-year-old Ever discovers she can see auras, hear peoples thoughts, and know a persons life story by touch. Going out of her way to shield herself from human contact to suppress her abilities has branded her as a freak at her new high school but everything changes when she meets Damen Auguste. Damen is gorgeous, exotic and wealthy. Hes the only one who can silence the noise and random energy in her head wielding a magic so intense, its as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery, shes left with more questions than answers. And she has no idea just who he really is or what he is. The only thing she knows to be true is that shes falling deeply and helplessly in love with him.
