

## The Incredible Charlotte Sycamore and the Secret Traps

An adventurous tale filled with mystery, teen romance, and mechanical creatures from award winning and USA Today bestselling author Kate Maddison. In Charlotte Sycamore, sixteen years old, and in a complicated relationship with Peter Moreley. As if struggling to keep my secret identity a secret isn't hard enough, I'm trying to clear my name in the mysterious theft of two royal horses. The Palace is going mad!

By day, Charlotte lives within the rich walls of Buckingham Palace, stealing Queen Victoria's medical supplies to treat the poor. By night, she sneaks out with her friends into the fantasy world of Victorian London with its scientific inventions and mechanical creatures. Charlotte, secretly training to be a surgeon like her father, is forced to rely on her bold and daring ally, Peter, a boy who works in the royal stables and wishes to become a Scotland Yard detective. With the odds against them, Charlotte, Peter and friends race through the gaslit streets of London to capture the real horse thieves. There's no time to spare, for if she's caught, Charlotte will be hanged for her crimes. Acclaim for The Incredible Charlotte Sycamore: High action, tangled romance, and a spirited heroine.
