

Fractured Suns (Broken Skies) (Volume 2)

Reunited with her brother, and surrounded by Flint, Peter and her new-found grandfather, Jax Mitchell has still never felt more alone. The choice to follow Rym back to the city to find answers and see Lir is an easy one, but their reunion is cut short and Jax is forced to leave Lir behind. She finds herself traveling with some unexpected companions and heading back toward a place shed hoped to never see again. After being imprisoned--and tortured--on the orders of his uncle, Lir hasnt seen daylight or linked to anyone in weeks. After a lifetime of connection, the pain and loneliness is almost too much to bear. Elated that Jax actually came, Lir finds renewed hope and the strength to continue fighting his uncles influence over the Erikon, even when things look hopeless and Lirs been branded a traitor by the very people hes trying to save. While Jax and Lir fight separate battles, their missions have more in common than they realize. Its a race against time to stop men driven only by greed and power. But the ones they trust the most might be the very people working against them--and family doesnt mean what it used to. Will they recognize their friends from their enemies in time to save the people they love or will they lose each other in the process?
