

The Later Works of John Dewey, Volume 6, 1925 - 1953: 1931-1932, Essays, Reviews, and Miscellany (Collected Works of John Dewey)

Except for Deweys and James H. Tufts 1932 Ethics (Volume 7 of The Later Works), this volume brings together Deweys writings for 1931-1932. The Great Depression presented John Dewey and the American people with a series of economic, political, and social crises in 1931 and 1932 that are reflected in most of the 86 items in this volume, even in philosophical essays such as Human Nature. As Sidney Ratner points out in his Introduction, Deweys interest in international peace is featured in the writings in this volume.
