The sequel to the #1 best seller *The Ghost of Madison Coffee* comes *The Poisoned Mirrors (A Misfit Witches Story)*. When April and her friends discover the doorway to the Land of the Misfit Witches has been opened, they find themselves on the run from vampires. After being transported through a mirror to a farmhouse in the United Kingdom they team up with an old friend who has difficulty controlling her magic, a sorcerer who wants to be a simple farmer, and a hobgoblin who thinks he's a leprechaun. They must face the Aragon witches who have cast an eternal winter over the north and the Nosferat vampires who hunt in the cities in the south. But beyond all this danger, the Widowmaker is after something they found. With werewolves, ghosts, and creatures of an unseen world around every corner, April and her friends must return the world to normal before it is too late. But the poisoned mirrors always lie.
