

The St. Martins Guide to Writing

The best-selling college rhetoric for over 25 years, The St. Martins Guide has achieved an unmatched record of success by providing practical innovations for the ever-changing composition course. The acclaimed step-by-step Guides to Writing offer sure-fire invention strategies to get students started, sentence strategies to get and keep students writing, and thoughtful revision strategies to help students make their writing their own. With more hands-on activities for critical reading and working with sources, greater emphasis on the rhetorical situation, a revamped design that helps students see what they need to do at a glance, and a greater variety of formats (cloth, paper, loose-leaf, and e-books), the Guide is better than ever. The print text is now integrated with e-Pages for The St. Martins Guide, designed to take advantage of what the Web can do.
