

The Transcriber (Open Door)

Louiss sister, Emily, is blind. Shes also in the marching band, sculpts, and has the biggest bedroom in the house to accommodate her Braille machine. Everyone thinks her accomplishments are extraordinary, and most think that she can do no wrong. The single person who doesnt feel awe--or pity--for her is Louis, who wishes people would just stop comparing them. He wants his own life.Only a family tragedy can begin to bridge the widening gap between brother and sister.Part of the Gemma Open Door Series, originally designed for new readers, these books confirm the truth that a story doesnt have to be big to change ?the world. The Transcriber is specifically created for young adult readers.
