

## England and Russia

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1835 edition. Excerpt: ... destroying the Turkish supremacy, whether religious or civil, look at Greece. Is her revolution not the real cause of the late progress of Russia? Look at Egypt. Has not the Mussulman schism brought on the actual crisis? Would you still increase such chances? Can Mehemet Ali restore the unity of power, by occupying the Sultans throne? If he could, a struggle must first take place; that struggle brings Russia to Constantinople. Can Greece replace Turkey, unless Turkey is destroyed? But then, does not Russia step in? A contest constitutes her instantaneously arbiter; and that contest, in the actual posture of affairs, she can at any hour bring about. Numerous are the considerations that press upon us, in support of these conclusions; but they appear Russia will not bring about that contest until she is prepared with a sufficient disposable force, and with sufficient means of transport,--until the pitch of hopelessness and resignation has been reached, which she may see necessary in the Turkish government and people; and until the state of the west diminishes to the slightest possible chance the slight probabilities of an after coalition against her; but these considerations are all subordinate to the seism of Turkey. This it is that perplexes her victim in resources and in mind--this it is that gives her her rights of protector--that distracts European opinion and policy. If, therefore, she sees Mehemet Ali in danger of falling by himself, she must hasten the crisis; at this moment his position seems more precarious than ever--and this is strangely the moment taken to get up Mehemet Alis credit in Paris and London! This is most ominous! to us truths so self-evident, when

fairly stated, that the prolongation of the discussion might...
