

Dark of the Moon (Dark Guardian, No. 3)

I've loved him forever, but he can never be mine. Brittany is determined to prove herself to the Dark Guardians. And yet she's been keeping a devastating secret: She hasn't experienced any of the intense, early signs of change that mark a Dark Guardians transformation. The only intense feelings she has are for Connor and she's kept that a secret, too. But she knows she'll never truly have Connor's love if she's not a Shifter like him. At the first full moon after her birthday, her greatest fear is realized: She doesn't transform. Brittany is so desperate to become a wolf that she'll go to extremes she never thought possible . . . and put all the Dark Guardians in incredible danger.
