

Undiscovered: An Unremembered Novella (Unremembered series)

Before the crash of Freedom Airlines flight 121 . . . There was a top-secret research compound hidden deep in the desert. There was a girl held prisoner in a restricted sector. And there was a boy who found her. And risked everything to set her free. Romantic and action-packed, Undiscovered is sure to thrill fans of Jessica Brody's Unremembered trilogy. In this 100-page novella, told from Zens point of view, more secrets are revealed about Seraphinas forgotten past, the corporation that created her, and the boy who fell in love with her. Undiscovered also includes a sneak peek of Unforgotten, the anticipated second book in the trilogy.
