

Varsity 170 (Gravel Road)

Never in his wildest dreams could he imagine his best day turning into his worst. Chad and Marcus ruled the school. Smart. Athletic. Popular. A looming wrestle off for their weight class made Chad jumpy. Marcus told him to chill. But with one slam to the mat, Marcus would be dead. Hard-hitting, contemporary young adult fiction is not trendy--its not dystopia. There are no vampires, no werewolves, no castles. Its real life. Its unflinching. Gravel Road highlights the talent of YA authors committed to creating realistic fiction with emotional authenticity. No topic is off-limits: suicide, homosexuality, drugs, rape, gangs, bullying. Teens live with this reality each day. And they find a way to survive. Each paperback book is 200 to 275 pages.
