

Focus on Mexico (World in Focus)

Each World in Focus volume provides an authoritative, comprehensive, and up-to-date view of a major country, including its history, geography and resources, peoples, government, economy, foreign policy, role in the world today, and key current issues. A wealth of maps, charts, and graphs support the text. Ideal for research and reports, this series invites students to delve deeper into the past and present significance of the worlds largest and most influential nations.
