

# Zodiac: The Shocking True Story of the Nations Most Bizarre Mass Murderer

After Jack the Ripper and before Son of Sam there was only one name their equal in terror: the deadly, elusive, and mysterious Zodiac. Beginning in 1968 the hooded mass murderer terrified the city of San Francisco and the Bay Area with a string of brutal killings. A sexual sadist, his pleasure was torture and murder. His first victims were a teenage couple, stalked and shot dead in a lovers lane. After another slaying, he sent his first mocking note to authorities, promising he would kill again. The official tally of his victims was six. The real toll may have reached 50. He was never caught. Graysmith, who was on the staff of the San Francisco Chronicle at the time of the murders, gives this gripping account of Zodiacs reign of terror.
